

About us...

HVAC & Refrigeration Engineering Ltd provide a comprehensive range of services aimed at the Onshore, Offshore and Marine Industries worldwide. The company was formed to satisfy the needs of the marketplace for a specialist contracting company to provide a quality fit-for-purpose engineering service at reasonable cost.

As an independent contracting company, we can offer impartial advice on all aspects of your HVAC & Refrigeration system requirements & recommend equipment from a wide range of manufacturers.

We have assembled a team of specialist staff with many years experience within the industry. All our engineers are qualified to work offshore UKCS & abroad.

Whether your requirements are in the UK or overseas, HVAC & Refrigeration Engineering will work with you to provide solutions to your problems. We will deliver complete project management from conception to completion.

Our engineering services include...

- HVAC system surveys & design reviews
- HVAC & refrigeration engineering design & equipment supply
- Complete package installation
- System commissioning & air balancing
- Equipment repair & campaign maintenance
- Noise control engineering
- Local Exhaust Ventilation (LEV) system surveys & upgrades
- CFC/HCFC refrigerant reclaim & replacement
- Indoor air quality & ventilation hygiene

24 hour call-out service

Sample of completed projects...

- Design, supply, installation & commissioning of upgrades to accommodation, SCR, galley HVAC, cold store & freezer room.
- Complete upgrades to all rig HVAC systems
- Modification to refrigeration plant & replacement of refrigerant gas with an environmentally friendly drop-in alternative.
- Design, supply, installation & commissioning of dedicated ventilation extract systems to smoking areas & welders workshop FPSO vessel.
- Engineering support for new vessel HVAC systems.
- Installation of process water chillers for laboratories.
- Re-commissioning of offshore HVAC systems.

We have provided our services in the following locations:

North Sea
Norway
Holland
Germany
Gulf of Mexico
Egypt
Nigeria
Kazakhstan
Azerbaijan
Equatorial Guinea
India
Korea
Libya
Venezuela

SPARES UNLIMITED

The engineering equipment & supplies division of HVAC & Refrigeration Engineering Ltd.

Our range of engineering equipment & spares includes...

- Air conditioning units & spares
- Air handling units, fan coils & components
- Air filters, belts, fans & motors
- Air filtration units
- Chilled water air conditioning systems & components
- Cold rooms; modular & bespoke
- Compressors & compressor spares
- Dehumidifiers
- Ductwork & components
- Evaporators & condensers; air or sea water cooled
- Galley refrigeration equipment & spares
- Laboratory fume cupboards
- Pumps, seals, bearings, pulleys
- Refrigerants (*environmentally friendly*)
- Refrigerant parts; including expansion valves, thermostats and oils
- Specialist electrical equipment & controls

If your requirement is not listed please call

SPARES UNLIMITED - we can supply engineering equipment & spares from a wide range of manufacturers, including the following....

ABB Spares	Isceon
Alco Spares	Hi-press Spares
Bently Nevada Spares	Honeywell Spares
Bitzer Spares	Howden Spares
Bock Spares	IMI Spares
Bristol Spares	J.M.W.
Calomax Spares	JS Humidifiers Spares
Carel Spares	Johnson Controls
Carlyle Spares	LEC Spares
Carrier Spares	LG Spares
Carrier Marine Spares	Lindab Parts
Carrier Transicold	Maneurop Spares
Chrysler Spares	Mitsubishi Spares
Clearwater Spares	Munters Spares
Climatrol Spares	Omega Spares
Corken Spares	Penn Controls
Crafft Spares	Pheonix Spares
Daikin Spares	Porka Spares
Danfoss Spares	Qualitair Spares
Delchi Spares	Ranco Spares
Dorin Spares	Rhodia
Draeger Spares	Robinaire Spares
Dunham Bush Spares	Sabroe Spares
Foster Refrigerator	Sahara Spares
Friedrich Spares	Scotsman Spares
Frigidaire Spares	Searle Spares
Fujitsu Spares	Sporlan Spares
Gram Spares	Stal Spares
Grasso Spares	Tecumseh Spares
Grundfos Spares	Toshiba Spares
Hall Thermotank	Trane Spares
Hankinson Spares	Willand UV
Helpman Spares	Wozair
Henry Spares	York Spares
